1. All Candidates must be permanent or deferred Pensioned Non-commissioned Officers from the Army.

WITH reference to Circular 684, directing that all Daily and Weekly Newspapers, not illustrated, shall be destroyed after having been fully and finally circulated, the Secretary of State for War has decided that these old Newspapers after having been circulated in the manner prescribed, shall in future be sold for the best price which can be obtained for them.

HOME AND FOREIGN.

*War Office, 22nd August, 1861.*

It being necessary that the greatest possible care should be taken for the preservation of the bores of Cast Iron Guns, the Secretary of State for War desires that, in future, all Land Service Guns which are in situations where they are rarely, if ever, exercised, all Sea Service Guns which are in cabins and sick bays, together with all Guns in Store, are to have their bores lacquered, or painted, as lacquer may not always be available, and care taken that they are kept in a proper state.

It is not considered necessary that Guns which are in constant use should be lacquered in the same manner as those above referred to, but it is desirable that they should be occasionally coated in the interior, near the muzzle, to preserve them from corrosion.

It is to be understood that the foregoing rules do not prevent any relaxation of the usual precautions now observed in regard to the preservation of Cast Iron Ordnance.

*War Office, 28th August, 1861.*

THE present mode in which military charges for the Royal Engineers are brought to account abroad for other than those which are strictly Company services being attended with inconvenience, the following rules are to be adopted from and after 1st January, 1862 :—

At Stations where Companies of Engineers are serving such charges will continue to be paid by the Commanding Officers thereof, and included in their pay lists rendered to the Paymaster at Head Quarters.

At Stations where there are no Companies serving such payments will be made by the Military or other local Accountants, and charged by them in their public accounts with the War Office, as advances to the Paymaster or Agents of the Corps, as the case may be, forwarding an explanatory list thereof with the proper vouchers and receipts to the Paymaster or Agents concerned, who will, on receipt of the same, return an acknowledgment for them.

The Mess allowance of Engineer Officers, and the pay and allowances of Officers acting as Assistant Engineers, are services with which the Agents, and not the Paymaster, are now concerned.

To Military and other local Accountants on Foreign Stations: the Agents and Paymasters of the Royal Engineers, and Officers Commanding Companies of that Corps abroad.

*War Office, Pall Mall, 29th August, 1861.*

SIR,—I am directed by Secretary Sir G. C. Lewis to transmit for your information and guidance the enclosed Rules in regard to the superannuation of artificers, labourers and others, who are in the receipt of daily or weekly wages, and who have entered the Service since the passing of the Superannuation Act of 19th April, 1859.

And as the Lords Commissioners of Her Majesty's Treasury are desirous of being furnished with lists of the individuals, or class of persons, who will be eligible under these Regulations, I am to request that you will transmit a return thereof at the earliest opportunity.

B. HAWES.

THE Lords Commissioners of Her Majesty's Treasury having had under their consideration the regulations which should be adopted to give effect to the Superannuation Act of 19th April, 1859, in regard to the allowances to be issued to such artificers, labourers, and others, in the receipt of wages, as have been appointed since the date of the Act in question, and having further considered "the proper manner of applying the provisions of the Act" in question, with reference to the nature of the remuneration given, either by means of a total compensation for service in the grant of a market rate of wages, or by a rate inferior thereto, which in the course of years is made up by "steady employment" and the prospect of superannuation, have determined—

I. That no persons are entitled to superannuation who are in receipt of the full market rate of wages.

II. That persons receiving less than the full market rate of wages may be admitted to the service in an established capacity, and become entitled to superannuation on the following terms.

III. That the maximum age of admission to the service in an established capacity shall not exceed 35, except in special cases in which the Secretary of State may, with the concurrence of the Lords Commissioners of Her Majesty's Treasury, consent to make an exception.

IV. The 17th section of the Act requires that all persons not appointed directly by the Crown shall before appointment pass a satisfactory examination before the Civil Service Commissioners, and receive a certificate of competency. The service of such persons will reckon towards superannuation from the date of the certificate of the

CIRCULAR, No. 710.

General No. 250.

War Office, 2nd September, 1861.

WITH reference to the second and fourth paragraph of Circular, 130, dated 25th August, 1857, the Secretary of State for War has decided that the requisitions for materials for the Regimental Industrial Schools, shall from the 31st March next, be made annually instead of half-yearly.

It is, therefore, requested that requisitions upon the Revised Form, No. 1050, a supply of which is herewith transmitted, may be addressed to the Council of Military Education, so as to be received by them during the month of March, in each year. Such estimates are not to exceed the sum of 5s. per head, for the average number of children for the previous twelve months. The statement of the distribution of the articles made up may be discontinued, but in its place, the Commanding Officer will be required to sign a certificate on the form itself, to the effect that those articles have been wholly distributed as rewards to the most deserving children.

## CIRCULAR MEMORANDUM,

*Addressed to the Army at Home and Abroad.*

General No. 149.

Instruction in Musketry—4 (1861).

*Horse Guards, S. W., 21st August, 1861.*

THE General Commanding in Chief having approved of the adoption of a stadia in place of the chain or cord now employed in the judging distance practice of the troops, the following Instructions have been drawn up for information and guidance in using the instruments in question. His Royal Highness has recommended that these stadia be considered as barrack stores, and that two complete sets shall be supplied for each battalion at the several military stations.

By Command.

JAMES YORKE SCARLETT,

*Adjutant General.*

**INSTRUCTIONS to ascertain the correct distance when men are employed as "points of observation."**

1st. The Instructor will fix a flag *a* (*vide* diagram No. 1) at the place at which the party or squad is to estimate the distance from the men standing as "points of observation."

## CIRCULAR, No. 149—continued.

2ndly. A Non-commissioned Officer (if practicable, the Sergeant-Instructor) will fix the staff *b* perpendicularly in the ground in any situation and at any distance that may be determined by the Instructor, and align it by means of the vertical pointer *c* attached thereto, on the flag *a* at the judging distance point.

3rdly. At 40 yards from the staff, and to the left of it, align another flag *d* by means of the horizontal pointer *e* attached to the staff, and fix the said flag perpendicularly in the ground.

The staff and flag thus arranged form the base, at the right of which the men intended for "points of observation" are to stand.

4thly. So place the stadia at the first-mentioned flag *a* that the foresight *f* on the shaft of the stadia will be aligned on the centre of the staff *b*, looking through the bottom of the notch of the slider or moveable backsight *g*.

5thly. Push the slider *g* backward or forward without in any way moving the shaft until the foresight *h* on the arm of the stadia is aligned on the flag *d* to the left of the staff *b*; then fix the said slider.

6thly. Look at the index or scale on the shaft of the stadia for the distance, which will be shown by the number immediately behind the slider or moveable backsight *g*.

*Note.*—The foresight on the arm of the stadia is moveable, in order that it may be adjusted according to the scale to be used; for example, if the small scale is to be used, the foresight must be placed at the line marked 1,000 yards on arm of the stadia; if the large scale, at the line marked 600 yards. Every 4 inches on the shaft per large index or scale represent 40 yards; and every  $2\frac{2}{3}$  inches per small index represent the same distance; the distance between the points of the two foresights (which are always to be upright) being respectively 2·4 and 4 inches, according to the position of the moveable foresight.

When a class is divided with a view to judge the distance from each other, the following method will be observed to signal the correct distance to the party or squad opposite to that with which the stadia is, viz.:—a flag lowered to the right, will signify *hundreds* of yards; to the left, *tens*; and to the front, *five*. Thus, for example, if the flag be lowered four times to the right, five times to the left, and once to the front, the distance signalled is 455 yards.

*To ascertain the correct distance from an object, such as a house or tree, which is to be practised when judging distances, during route marching, or at times other than during the annual course of instruction.*

1st. Fix the staff *a* (*vide* diagram No. 2) perpendicularly in the ground, and align it by means of the vertical pointer *b*, attached thereto, on a given point *c* of the house, or other object, the distance of which from the said staff is required.

2ndly. At 40 yards from the staff, and to the left of it, place the stadia, the arm of which *d* is to be aligned by means of the horizontal pointer *e* attached to the staff.

3rdly. Push the slider or backsight backward or forward until the moveable foresight *g* is aligned on the same point *c* of the house or other object on which the staff has already been aligned.

4thly. Look at the index or scale on the shaft of the stadia for, and read off, the distance.

*N.B.*—The stadia can be used on any ground, as there is no necessity for the men judging the distance, and the object of observation, being on the same level.

The stadia complete consists of:—

- 1 Index shaft.
- 1 Tripod.
- 1 Staff.
- 1 Reel, with 40 yards of measuring tape.

By Command.

*Horse Guards, S. W., 28th August, 1861.*

SOME misconception appearing to exist as to the operation of the Circular Memorandum from this Department, dated the 27th April last, No. 127, His Royal Highness the General Commanding in Chief desires it to be explained that no alteration is contemplated with regard to the date of issue of the Annual Clothing to the Soldier, which is to take place on the 1st of April in each year as heretofore,—but it is considered desirable that the issues of Clothing to *Regiments and Depôts* should be commenced on the 1st of January, in order that there may be a sufficient time for alterations and fitting, so as to ensure punctuality in the delivery to the men.

Clothing—6 (1861).

*Horse Guards, S. W., 28th August, 1861.*

WITH a view to reducing the deductions from pay to which the Soldier is now liable for the renewal of a part of his clothing, the Secretary of State for War, in concurrence with His Royal Highness the General Commanding in Chief, has been pleased to approve of the undermentioned additional articles of clothing being issued to Her Majesty's Troops serving at home and in the Colonies:—

- One pair of boots annually to the Cavalry;
- One pair of unbooted cloth trousers biennially to all mounted services and Artillery;
- One pair of serge trousers biennially to the Foot Guards and Infantry of the Line;
- One pair of boots annually to every Non-commissioned Officer and Soldier of Infantry Corps and Artillery who now receive only one pair.

These articles will be issued in addition to the clothing at present supplied to the several arms of the Service.

All bootings will, in future, be supplied biennially only.

These arrangements will take effect from the 1st of April, 1862, and Commanding Officers will accordingly forthwith forward to the War Office requisitions and size rolls for the additional articles required for the ensuing military year. In future years these requisitions will, of course, accompany the applications for Annual Clothing.

Instruction of Musketry—5 (1861).

*Horse Guards, S. W., 5th September, 1861.*

1. THE General Commanding in Chief having had under his consideration the proportions of Ammunition allowed for Cavalry Regiments, as prescribed in paragraph 1, page 112, of the Queen's Regulations, directs that all Cavalry Regiments armed with the rifle carbine shall receive for the training of the Recruit, and for the exercise of the drilled Soldier annually, the following quantities of Ammunition, viz. :—

*For the Recruit.*

70 rounds ball cartridge.  
20 " blank "  
100 percussion caps.  
20 percussion caps for snapping practice.

To be applied for as wanted, in such quantities as may be justified by the number of Recruits actually present, or expected to join soon.

*For the Drilled Soldier annually.*

70 rounds ball cartridge.  
50 " blank "  
132 percussion caps.

To be applied for in sufficient time to insure its receipt prior to the date on which the practice is to commence.

*Duties, Instructions, &c.*

2. His Royal Highness desires that the course of instruction for the Cavalry Soldier in the use of the rifle carbine be strictly carried out in conformity with the regulations for conducting the Musketry Instruction of the Army, with such modification only as the different nature of the duties of the two services requires; and that Commanding Officers, Field Officers, Captains, Subalterns and Instructors in all other respects conform to the rules laid down for their guidance in the above-named regulations.

*Period of the Day for Instruction.*

3. The Cavalry Soldier is never, if it can possibly be avoided, to be withdrawn from his stable duties for carbine instruction. The period of the day in which these will be least interfered with, is from 2 p.m. until it is time to prepare for evening stables.

*Cavalry Recruits.*

4. The Cavalry Recruit to be instructed in the use of the rifle carbine in all respects as the Infantry Recruit, omitting the platoon practices, which are not considered necessary in his rifle training.

*Annual Course for Drilled Cavalry Soldiers.*

5. The "course" of carbine instruction through which the drilled Cavalry Soldier is to be exercised annually is to consist of the following number of drills and practices, which can be executed easily, and in an efficient manner, in the period of the day already specified.

*Preliminary drills:—*

4 lessons in cleaning arms instruction, each	...	...	...	1 an hour.
4 lessons in theoretical instruction, each	...	...	...	1 an hour.
4 aiming drills from 150 to 600 yards, each	...	...	...	1 an hour.

Total number of days, of a maximum of 4 hours, to be occupied annually in musketry drill and practice... 11 days.

*Course of Instruction to be fully carried out.*

6. The foregoing course of instruction (which is a modification of the Infantry course, in consequence of the time of the Cavalry Soldier being so fully occupied with stable

and other duties) must be strictly and fully carried out to ensure efficiency in the use of the Cavalry rifle carbine.

*Period of the Year for Instruction.*

7. It is of great importance that the carbine instruction of the Cavalry should take place at the same time of the year as the musketry instruction of the Infantry; Commanding Officers will therefore take care that this is fully attended to, and that the course be, if possible, continued without interruption, until completed.

8. In the case of Cavalry Regiments which are armed with rifled carbines not sighted to 900 yards, or are quartered at stations where a range to the full extent is not available, the practices to be executed, and the quantity of ammunition to be expended under such circumstances, are detailed in the following table:—

151A.—Applications for the appointment of Sergeant Instructors are in every case to be submitted for the approval of the Secretary of State for War by the Commanding Officer of the Volunteer Corps to which it is proposed that the Sergeant should be attached. The application is to be accompanied by testimonials of character, and a certified copy of the Non-commissioned Officer's record of service, and to be forwarded through the Assistant Inspector of the District. If the Corps belongs to an Administrative Battalion, the application must be transmitted to the Assistant Inspector through the Field Officer commanding.

*Pay and Allowances.*

152A.—A Sergeant Instructor will receive from the date of his appointment consolidated pay, at the following rates:—

If in receipt of pension 2s. 4d. a-day, if not in receipt of pension 2s. 7d. If he is appointed Sergeant-Major of a Battalion he will receive an additional allowance of 6d. a-day. Non-commissioned Officers of 18 or more years' service in the Infantry, and 21 or more years' service in the Cavalry, who are, in the opinion of their Commanding Officers, qualified to act as Sergeant Instructors of Volunteer Corps, and who are desirous of obtaining those appointments, will be reported to the Adjutant General, and noted as Candidates. Commanding Officers of Volunteer Corps wishing to obtain the services of one of them, will make application in the manner directed in Article 151A, to the Secretary of State for War, who will direct the application, if approved, to be forwarded to the General Commanding in Chief, with a view to a Sergeant being posted to the Corps as soon as possible.

*Transferred from Regular Forces, how borne.*

156A.—Such Non-commissioned Officers employed as Sergeant Instructors will be borne on the rolls of their respective Regiments as supernumeraries for service with Volunteer Corps until the completion of their period of service for discharge to pension or otherwise, and will receive the consolidated pay named in Article 152A, in lieu of all other pay and allowances whatever. On their discharge they will be allowed to renew their engagements as Sergeant Instructors on the terms laid down in the above-named Article.

*Transferred from Regular Forces, case of Services being dispensed with.*

157A.—If the Volunteer Corps to which a Non-commissioned Officer of the Regular Forces is attached as Sergeant Instructor should, from any sufficient cause, cease to require his services before he has completed the period of service entitling him to be discharged, he will return to his Regiment if he is not posted to another Volunteer Corps.

*Transferred from Regular Forces, Misconduct.*

158A.—If a Non-commissioned Officer transferred from the Regular Forces is guilty of misconduct before his discharge from the Army, he may be sent back to his Regiment on the representation of the Commanding Officer to the Secretary of State for War.

CIRCULAR, No. 155—*continued*.

*Subject to Mutiny Act.*

159A.—Every Sergeant Instructor to a Volunteer Corps is subject to the general provisions of the Mutiny Act and Articles of War, and is liable to be tried by Court Martial for any crime committed against such Act or Articles of War.

*Supervision.*

160A.—All Sergeant Instructors are to be considered as under the supervision of the Adjutant, who is required to report to the Officer commanding the Corps any irregularity of conduct, incompetence or want of attention, which he may observe on the part of any Instructor, and the Commanding Officer, when necessary, will report the circumstances of the case to the Secretary of State. In the case of an Administrative Regiment, Brigade or Battalion, the Adjutant will also report such instances of irregularity to the Field Officer commanding.

Sergeant Instructors of such Volunteer Corps as may not have at present the services of an Adjutant will be placed under the supervision of the nearest Volunteer Adjutant or other Officer, according to the directions of the Secretary of State for War.

In the event of a Sergeant Instructor being guilty of any offence of a sufficiently grave nature to induce his Commanding Officer to refer the case for the consideration of the Secretary of State, he is to be placed in arrest until orders are received as to his disposal.

*Record of Offences.*

161A.—A record will be kept of all offences which may be proved against a Sergeant Instructor, after due investigation by his Commanding Officer. Every entry is to be in the handwriting of the Officer in Command, according to the annexed Form, and the book to be open at all times to the inspection of the Adjutant, the Field Officer commanding the Administrative Regiment, Brigade or Battalion, or the Assistant Inspector of the District.

*Temporary from the Militia, Employment of.*

162A.—With a view to meet cases in which additional Drill Instructors may be temporarily required, or where difficulty may be found in obtaining a Sergeant Instructor, Sergeants of the Permanent Staff of the Disembodied Militia may, if willing to act as Drill Instructors, be attached to Volunteer Corps for that purpose, at the discretion of their Commanding Officer.

*Temporary from the Militia, Pay and Allowances.*

163A.—If employed in the place of a regular Sergeant Instructor, they will receive, at the public expense, 1s. a-day, in addition to their Militia pay, with lodging, fuel and light, or an allowance of 4d. a-day in lieu thereof; but if they are employed as additional Drill Instructors, these allowances must be paid by the Corps to which they are attached.

*Temporary from the Militia, Mode of obtaining.*

164A.—In order to obtain a Drill Instructor from among the Permanent Sergeants of the Disembodied Militia, the following course is to be pursued:—

(a) If the Militia of the county to which the Volunteer Corps belongs is disembodied, the Officer commanding the Volunteer Corps is to apply direct to the Officer commanding the Militia Regiment.

(b) If the Militia of the county is embodied, or if there should be no Sergeants belonging to it available for this purpose, the Officer commanding the Volunteer Corps is to apply to the Lord Lieutenant, who, if he should think proper, will communicate with the Lord Lieutenant of any adjacent county in which the Militia is disembodied, in order to obtain the required Instructor.

*Temporary from the Militia, Period of Employment.*

165A.—A Drill Instructor obtained from the Militia under the foregoing Articles may be attached to a Volunteer Corps for any period not exceeding three months, and his engagement may be renewed at the expiration of such period, with the consent of the Commanding Officer of the Militia Regiment, but no Sergeant of the Permanent Staff of the Militia can be permitted to remain with a Volunteer Corps during the embodiment or annual training of his Militia Regiment.

*Unauthorized offers to Non-Commissioned Officers.*

166A.—Volunteer Corps are not to make direct offers to Non-commissioned Officers serving in the Regular Army to become their Sergeant Instructors, nor to attempt to induce Sergeants of the Militia, or Sergeant Instructors attached to, or engaged by,

CIRCULAR, No. 155—*continued*.

other Volunteer Corps, to quit their Regiment or Corps without the consent of the Commanding Officer of the Militia Regiment or Volunteer Corps. In any case in which it may be proved that offers of this kind have been made, the Secretary of State will refuse his consent to the appointment of the Non-commissioned Officer concerned.

*Duties.*

167A.—The principal duty of a Sergeant Instructor is to attend to the drill and instruction of the Corps to which he is attached; but the Commanding Officer of the Corps may employ him to take charge of the Arms of the Corps, or to discharge other similar duties of a military character, provided they do not interfere with his special functions. He will not be permitted to engage in any trade or business.
